1. NATURE AND CONTINUANCE OF OPERATIONS

Ely Gold & Minerals Inc. (the "Company" or "Ely") is incorporated under the *Business Corporations Act*, Alberta on May 10, 1996, and since 2004 its principal business activity has been the acquisition, exploration and development of mineral properties. The Company is listed on the TSX Venture Exchange ("TSX-V"), having the symbol ELY.

The Company's principal and registered office is Suite 680 – 789 West Pender Street, Vancouver, British Columbia, Canada, V6C 1H2.

On August 26, 2010, the Company signed a Letter of Intent ("LOI") with Solitario Exploration & Royalty Corp. ("Solitario") to make certain equity investments into Ely and to collaborate the development of Ely's Mount Hamilton and Monte Cristo properties. On December 22, 2010, the Company entered into a Limited Liability Company Operating Agreement with Solitario (the "Operating Agreement"), which resulted in the formation of a separate entity, Mt. Hamilton LLC (a Colorado limited liability company) ("MH-LLC"), whereby the Company holds a 20% interest and the remaining 80% is held by Solitario (Note 6).

The recovery of the amounts comprising mineral properties and deferred exploration costs is dependent upon the confirmation of economically recoverable reserves, the ability of the Company to obtain necessary financing to successfully complete their exploration and development, and upon future profitable production.

These condensed interim consolidated financial statements have been prepared by management on a going concern basis, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred ongoing losses. A number of alternatives including, but not limited to, selling an interest in one or more of its properties or completing a financing, are being evaluated with the objective of funding ongoing activities and obtaining additional working capital. The continuing operations of the Company are dependent upon its ability to continue to raise adequate financing and to commence profitable operations in the future and repay its liabilities arising from normal business operations as they become due.

The condensed interim consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue in existence.

2. BASIS OF PREPARATION

These condensed interim consolidated financial statements, including comparatives, have been prepared in accordance with International Accounting Standards ("IAS") 34 'Interim Financial Reporting' ("IAS 34") using accounting policies consistent with the International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board ("IASB") and Interpretations of the International Financial Reporting Interpretations Committee ("IFRIC").

Title to mineral properties involves certain inherent risks due to the difficulties of determining the validity of certain claims as well as the potential for problems arising from the frequently ambiguous conveyancing history characteristic of many mineral properties. The Company has investigated title to all of its mineral properties, and, to the best of its knowledge, title to all of its properties, except as described below, are properly registered and in good standing.

Mount Hamilton property, Nevada

The Mount Hamilton property is subject to minimum advance royalty payments of US$100,000 per year until November 19, 2010 when the minimum royalty payments increase to US$300,000 per annum. Upon commencement of commercial production, a base rate of 3% net smelter return royalty ("NSR") is payable, subject to an increase whenever the price of gold is greater than US$400 per ounce. The NSR shall increase by one-half of 1% for each US$50 increment to a maximum of 8% NSR. Of the NSR, 1.5% can be bought down at any time prior to the date commercial production commences for US$2,000,000 ("First Royalty Reduction Option").

On November 16, 2009, the Company negotiated an extension of the time permitted to make the US$100,000 advanced royalty payment otherwise required to be made by November 19, 2009. As consideration for the extension, the Company agreed to increase the amount of the payment from US$100,000 to US$110,000 and to issue to the lessor warrants exercisable to purchase up to an aggregate of 50,000 common shares of the Company at the price of $0.25 each until May 16, 2011. The warrants were exercised during the year ended December 31, 2011.

The fair value of the warrants was estimated to be $3,018 and has been included in mineral properties. The fair value of the warrants is estimated using the Black-Scholes option pricing model. Pursuant to the extension, the Company paid the $115,720 (US$110,000) lease payment on March 1, 2010.

5. MINERAL PROPERTIES (cont'd…)

Mount Hamilton property, Nevada (cont'd…)

On February 22, 2010 and April 28, 2010, the Company further negotiated amendments to the Mount Hamilton lease to reduce the NSR under the original agreement. If the Company exercises the First Royalty Reduction Option (noted above) and reduces the NSR to 6.5%, it will have the option to purchase an additional 1.75% NSR for a further $1,500,000 payment at any time prior to the date commercial production commences ("Second Royalty Reduction Option"), reducing the NSR to 4.75%. Upon exercise of the Second Royalty Reduction Option, the Company will have the option to purchase an additional 1.75% NSR for a further $1,500,000 payment at any time prior to the date commercial production commences ("Third Royalty Reduction Option"), reducing the NSR to 3.0%.

In addition, in 2010 the Company issued to the lessor share purchase warrants exercisable to purchase 4,000,000 common shares of the Company at a price of $0.32 per share to February 28, 2013 (the "reduction warrants"). If commercial production has not commenced before the sixtieth day (the "Trigger Date") before the expiry date, then within 10 days of the Trigger Date, the Company will apply to the TSX-V to extend the time period within which they may be exercised to February 28, 2015.

The fair value of the NSR reduction warrants were valued at $1,136,000 and were included as mineral properties. The fair value of the reduction warrants is estimated using the Black-Scholes option pricing model with the following assumptions:

Risk-free interest rate	1.21%
Expected dividend yield	0.00%
Expected stock price volatility	147.53%
Expected life in years	3.0

Pursuant to the LOI, the Company and Solitario agreed that the fair value of the Mount Hamilton and Monte Cristo project was $2,738,340 (US$2,700,000) resulting in an impairment of $6,538,217 to the Mount Hamilton property in December 2010.

Sandstorm NSR Royalty Purchase

On June 11, 2012, MH-LLC entered into an agreement with Sandstorm Gold Ltd. ("Sandstorm") whereby Sandstorm has purchased a 2.4% NSR on the Mount Hamilton gold project for US$10 million. US$6 million was paid upon signing and the remaining US$4 million shall be paid to MH-LLC on January 15, 2013. As part of the agreement, MH-LLC will have the option, for a period of 30 months, to repurchase up to 100% of the NSR for US$12 million, provided that Solitario enters into a gold stream agreement with Sandstorm that has an upfront deposit of no less than US$30 million. In addition, MH-LLC has provided Sandstorm with a right of first refusal on any future royalty or gold stream financing for the Mount Hamilton project.

5. MINERAL PROPERTIES (cont'd…)

Solitario Loan

On May 27, 2011, MH-LLC entered into an agreement to buy-down the NSR on the Mount Hamilton property (the "Agreement"). Pursuant to the Agreement, the 3% NSR base rate has been reduced to 1% and the maximum NSR has been reduced from 8% to 6%; the percentages and costs of the three royalty reduction options noted above remain unchanged. As consideration for the royalty buy-down MH-LLC paid US$2.52 million, ($2.56 million).

Solitario contributed the entire proceeds of the royalty buy-down and loaned DHI US its 20%, US$504,000, proportionate share. The loan payable by DHI US to Solitario bears interest at 6% per annum and will be repaid from DHI US's future production proceeds. At December 31, 2011, the proceeds of the royalty buy-down were included in mineral properties as acquisition costs.

MH-LLC Distribution

On June 28, 2012, subsequent to the Sandstorm NSR, Ely Gold and Solitario entered into an agreement whereby MH-LLC distributed US$2,500,000 to its partners. Solitario received US$2,000,000 for reimbursement of its share of the 2011 royalty purchase. DHI(US) received US$500,000, which was paid to Solitario to repay the loan payable for DHI(US)'s proportionate share of the 2011 royalty purchase. At the time of the repayment of the loan payable, Solitario forgave the accrued interest of $25,438, which the Company included in expense recoveries.

Shell property, Nevada

The Shell deposit is located near the Mount Hamilton property. The Shell property is subject to minimum advance royalty payments starting with US$80,000 payable on June 6, 2006 and increasing by US$20,000 per annum until production commences.

As at December 31, 2010, the Company had not made its 2010 advance royalty payments and during the year ended December 31, 2011, the Company and Solitario agreed to transfer the Shell property into MH-LLC at a fair value of $39,784 (US$40,000). MH-LLC will assume all liabilities related to the Shell property. The Company wrote-down its carrying amount as at December 31, 2010 to reflect the revised recoverable amounts.

During the year ended December 31, 2011, the Company and Solitario amended their agreement to reflect a fair value of $Nil for the Shell property. Accordingly, the Company wrote-down the carrying amount from $39,560 to $nil. During the year ended December 31, 2011, the agreement was amended and an additional payment of US$160,000 was made, which was recorded as an acquisition cost. As at June 30, 2012, the Shell property is disclosed with the Mount Hamilton property.

Monte Cristo property, Nevada

The Monte Cristo property in White Pine County, Nevada, is adjacent to the Mount Hamilton and Shell properties.

The Monte Cristo property was included as part of the Company's initial contribution into MH-LLC and as a result wrote-down the carrying value of $85,227 to $Nil.

5. MINERAL PROPERTIES (cont'd…)

Great American property, Nevada

During the year ended December 31, 2011, MH-LLC entered into an option agreement to acquire 100% of the Great American property for a total payment of US$525,000, payable as follows:

- On signing the agreement - US$50,000 (paid)
- On or before September 8, 2012 – US$50,000
- On or before September 8, 2013 – US$75,000
- On or before September 8, 2014 – US$150,000
- On or before September 8, 2015 – US$200,000

The Great American property is subject to:

- an annual advanced minimum royalty payment, of the greater of US$30,000 or the cash value of 33 ounces of gold, commencing on September 8, 2016 and ending when production commences; and
- a 3% NSR from all gold or silver productions and 2% NSR from all other products produced or sold.

As at June 30, 2012, the Great American property is disclosed with the Mount Hamilton property.

Realization of Assets

The Company's investment in and expenditures on mineral properties comprise a significant portion of the Company's assets. Realization of the Company's investment in the assets is dependent on establishing legal ownership of the property interest, on the attainment of successful commercial production or from the proceeds of its disposal. The recoverability of the amounts shown for the mineral properties is dependent upon the existence of economically recoverable reserves, the ability of the Company to obtain necessary financing to complete the development of the mineral properties, and upon future profitable production or proceeds from the disposition thereof.

Environmental Matters

The Company is subject to the laws and regulations relating to environmental matters in all jurisdictions in which it operates, including provisions relating to property reclamation, discharge of hazardous material and other matters. The Company may also be held liable should environmental problems be discovered that were caused by former owners and operators of its mineral properties. The Company conducts its exploration activities in compliance with applicable environmental protection legislation. The Company is not aware of any existing environmental problems related to any of its current mineral properties that may result in a material liability to the Company.

Environmental legislation is becoming increasingly stringent and the costs of regulatory compliance are increasing. The impact of new and future environmental legislation on the Company's operations may cause additional expenses and restrictions.

If the restrictions adversely affect the scope of exploration and development on the mineral properties, the potential for production on these properties may be diminished or negated.

6. INVESTMENT IN MT. HAMILTON LLC

On December 22, 2010, the Company and Solitario incorporated MH-LLC pursuant to a LOI and an Operating Agreement to advance the Company's Mount Hamilton project located near Ely, Nevada, through to a bankable feasibility study ("BFS") and into production. The following summarizes the terms of the LOI and Operating Agreement:

(a) Solitario to subscribe for $500,000 in units comprising one common share and one-half of one share purchase warrant of Ely (issued);

(b) Solitario to contribute its initial investment to MH-LLC by making a US$300,000 advance royalty payment to the original owners of the Mount Hamilton property ("Underlying Royalty Holder") subject to the Mount Hamilton lease for a 10% interest in MH-LLC;

(c) Ely to contribute its mineral properties (Mount Hamilton and Monte Cristo) with a fair value of $2,738,340 (US$2,700,00) for a 90% interest in MH-LLC;

(d) Solitario to subscribe for three additional tranches of common shares of Ely:

   (i) US$750,000 of common shares at a price equal to the 20-day weighted moving average price on the TSX-V (the "WMAP") on or before June 1, 2013;
   (ii) US$750,000 of common shares at a price equal to the WMAP on or before June 1, 2014; and
   (iii) US$1,000,000 of common shares at the WMAP on or before June 1, 2015.

(e) Phase I. To earn an additional 41% interest in MH-LLC, for a total of 51%, Solitario is required to:

   (i) incur a minimum of US$1,000,000 in exploration expenditures by August 23, 2011 (incurred);
   (ii) invest US$300,000 into MH-LLC for an advance royalty payment to the Underlying Royalty Holder; and
   (iii) make payments totaling US$1,750,000 to DHI US and issue 100,000 Solitario common shares to DHI US by August 23, 2012.

(f) Phase II. To earn an additional 19% interest in MH-LLC, for a total of 70%, Solitario is required to:

   (i) invest US$300,000 into MH-LLC for an advance royalty payment to the Underlying Royalty Holder; and
   (ii) make payments totaling US$500,000 to DHI US and issue 100,000 Solitario common shares to DHI US by August 23, 2013.

(g) Phase III. To earn an additional 10% interest in MH-LLC, for a total of 80%, Solitario is required to:

   (i) invest US$600,000 into MH-LLC for an advance royalty payment to the underlying royalty holder;
   (ii) make payments totaling US$500,000 to DHI US and issue 100,000 Solitario common shares to DHI US by August 23, 2014; and
   (iii) buy-down the existing 8% NSR to a 3% NSR by paying the Underlying Royalty Holder US$5,000,000 by November 19, 2014.

(h) After the completion of Phase I Earn-in, Solitario may elect to cease earning additional interest in MH-LLC at any time prior to the Phase II Earn-in or the Phase III Earn-in, in which case Solitario's interest in MH-LLC will be reduced to 49% and DHI US's interest will be increased to 51%.

6. INVESTMENT IN MT. HAMILTON LLC (cont'd)

(i) Alternatively, Solitario may also earn an 80% interest in MH-LLC by completion of a BFS at any time prior to the completion of Phase III Earn-in. However, if Solitario completes a BFS and earns an 80% interest in MH-LLC, as of that date, it will no longer be able to opt out of any future required payments, and will be obligated to make any unpaid payments of cash and common shares to DHI US, any unpaid payments to the Underlying Royalty Holder and any uncompleted additional subscriptions due to Ely by the due dates described above. Solitario is required per the terms of the Operating Agreement to fund all expenditures until completion of a BFS.

(j) Once Solitario has completed the BFS, all costs will be shared by Solitario and DHI US pro-rata based on equity interest owned (80%:20%).

In the event DHI US's share of such post-BFS expenditures are funded by Solitario, Solitario shall recover all expenditures made on DHI US's behalf, plus interest at a commercially competitive rate, exclusively from 80% of DHI US's share of distributions from MH-LLC.

For the period from December 22, 2010, the Company has consolidated the results of MH-LLC and recorded a non-controlling interest for the 10% equity interest held by Solitario. During the year ended December 31, 2011, Solitario has funded all costs of MH-LLC.

The amount of non-controlling interest as at June 30, 2012 and December 31, 2011 is as follows:

	June 30, 2012	December 31, 2011
Non-controlling interest, beginning of period	$ 7,312,564	$ 1,542,827
Reduction of investment to 20% of MH-LLC	(7,312,564)	-
Additional capital contributions by Solitario	-	5,759,372
Share of foreign currency translation adjustment	-	17,574
Share of net loss in MH-LLC	-	(7,209)
Non-controlling interest, end of period	$ -	$ 7,312,564

As of February 22, 2012, Solitario's interest increased to 80% resulting in the Company no longer consolidating MH-LLC and removed its non-controlling interest as the Company now accounted for its investment in MH-LLC as an equity investment and will subsequently record its share of income and losses from MH-LLC while significant influence is maintained. Because Solitario earned its 80% interest in MH-LLC by completing a BFS, it will no longer be able to opt out of any future required payments as per Note 6(i). All amounts receivable ($1,466,715) for the remainder of the agreement have been netted against the Company's investment in MH-LLC, along with all other amounts previously received that had been included in mineral properties as recoveries.

Summarized unaudited financial information for MH-LLC is as follows:

	June 30, 2012
Assets	$ 14,027,997
Liabilities	9,394,371
Revenues	-
Net loss for the period	$ 376,372

The amount payable to Augusta is secured by the Company's shareholdings in DHI and all present and future assets of DHI and DHI US. As at June 30, 2012, the remaining balance due is US$2,500,000.

The loan is being amortized using the effective interest rate method at an effective interest rate of 10.47% with the undernoted carrying amounts. The interest is capitalized to mineral properties.

11. CONTINGENCY

Lawsuit

On May 20, 2002, the Company was named as a defendant in a lawsuit in the Superior Court of King County, State of Washington. This lawsuit was filed by certain shareholders of Financial Market Solution ("FMS") for themselves and on behalf of FMS.

FMS was an insolvent corporation, which had filed for protection under the United States Bankruptcy Code in the Western District of Washington. The complaint alleged that certain assets of FMS were wrongfully transferred to the Company. The lawsuit was removed from the Superior Court of Washington to the Bankruptcy Court under applicable bankruptcy law and an adversary proceeding was commenced in the FMS bankruptcy. The assets subject to the complaint were eventually purchased by the Company out of the FMS bankruptcy pursuant to a court-approved sale, and effectively voided the original transaction under which the plaintiffs based their claims.

The plaintiffs agreed to dismiss the lawsuit and have signed a Stipulation and Order of Dismissal, dismissing the lawsuit, with prejudice, and without liability or cost to the Company. The Company has attempted to have the Stipulation and Order entered by the Superior Court, but this was rejected by the court based on the fact the plaintiff is not represented by counsel, which is required in Washington for corporations. The Company contacted the plaintiffs and requested that they retain counsel for purposes of entering the order, but have yet to hear from them. The Company received from a party to the lawsuit a copy of a Bankruptcy Order dismissing the lawsuit in the Bankruptcy Court. Management believes that the Company has no exposure under the claims brought by the plaintiffs. If nothing further is done, local rules require that the lawsuit be dismissed by the Superior Court on its own motion.

(a) The Company granted 200,000 stock options that provide the holder an option to acquire 200,000 common shares of the Company at an exercise price of $0.14 per share, expiring on July 30, 2017;

(b) 922,000 warrants with an exercise price of $0.25 expired unexercised;

(c) The Company and Solitario amended the terms of the Operating Agreement by which Solitario will subscribe to the Company's shares (note 6(d)). Under the terms of the amendment, Solitario is to subscribe for three additional tranches of common shares of the Company as follows:

The Company shall utilize the proceeds of each tranche only to make the required payments to Augusta, which are currently due on June 1, 2013, June 1, 2014 and June 1, 2015 and will make such payments within three business days after the day in which the proceeds from the respective tranche has been received.

Under the terms of the amendment, the Company has the right, but not the obligation, to reduce the aggregate subscription amount for any given tranche, provided that the Company has provided written notice to Solitario stating its election to reduce the aggregate subscription amount of the respective tranche and that the Company has sufficient funds to make the required payments to Augusta by the respective due dates.

Solitario is not entitled to subscribe for any of the three tranches prior to May 1, 2013.
